

COMPANY OVERVIEW

Strategy to adoption, delivered. VR Williams Consulting LLC is a woman- and minority-owned management and technology consulting firm based in Virginia, founded in 2005 by Vala Rae Williams (MBA, PMP®, Six Sigma Black Belt) as VR Williams, Inc. and organized as an LLC since 2015. We lead complex transformation programs from requirements through go-live and adoption, combining program governance, Lean Six Sigma process improvement, and Agile delivery.

Our team has delivered for the U.S. Department of Veterans Affairs, SAIC, Fannie Mae, Freddie Mac, FINRA, and major health systems, giving agencies a partner fluent in both federal and highly regulated commercial environments.

CORE COMPETENCIES

- **Program & Project Management (PMO)**
- **Strategic Program Leadership**
- **Business Process Reengineering**
- **Business Process Modeling & Analysis**
- **IT Modernization & Agile Delivery**
- **Governance, Risk & Controls**
- **Healthcare IT & EHR Readiness**
- **Organizational Change Management**
- **Telecommunications & Contact Center Operations**

DIFFERENTIATORS

- **Certified, senior-led delivery:** every engagement is led by a credentialed principal: MBA, PMP®, Certified ScrumMaster (CSM), ITIL, and Six Sigma Black Belt.
- **Federal + regulated-industry depth:** 30+ years across government, healthcare, banking, mortgage finance, insurance, telecommunications, and global shipping, bringing proven commercial practices to agency missions.
- **One partner, strategy through adoption:** we connect the roadmap, the process redesign, and the technology rollout, so improvements stick after go-live.
- **Data-driven results:** Lean Six Sigma rigor turns operational data into ranked, measurable improvement initiatives.
- **Small-business agility:** woman- and minority-owned, with low overhead, rapid mobilization, and direct access to senior leadership; supports prime contractors' small-business subcontracting goals.
